

PRODUCT INFORMATION

NAVACLEAN 818 COLDWASH

GENERAL PURPOSE SOLVENT BASED TANK CLEANER AND DEGREASER, SUITABLE FOR ALMOST ALL TANK LININGS.

DESCRIPTION

- › Emulsifying agents that enable the residues to be easily removed by fresh or salt water
- › Can be used for spot cleaning of petroleum oil residues, petroleum based chemicals and some natural oils
- › Available in 25/20/208 liter drums
- › Can be discharged according Marpol V and IMO MEPC.1/Circ. 590

FEATURES & BENEFITS

- › Controlled emulsion breakage, allows cleaned oil to be easily reclaimed
- › Can be hand-sprayed
- › Contains a blend of solvents and emulsifiers formulated to provide a broad spectrum cleaner with maximum solvent penetration and efficient emulsification
- › Approved according to IMO MEPC.1/Circ. 590
- › Complies to Marpol V

For detailed instructions on cargo hold cleaning please contact us at NAVADAN.
A range of support application equipment is also available.

DIRECTION FOR USE

- › Undiluted Navaclean 818 is recommended for local cleaning and degreasing and may be applied by brush, hand-spray, immersion soaking or any other conventional means. Depending on the type and the amount of residue to be removed it may be necessary to allow up to 6 hours for the cleaner to react before rinsing with either fresh or salt water.
- › Navaclean 818 may also be used by injection or recirculation at strengths up to 5%, at a temperature of 60-80 °C.
- › For specific cleaning instructions please contact Navadan.
