

NAVADAN SUPERCARGO SERVICES

NAVADAN offers professional, specialized and experienced Supercargoes who can work on different basis, depending on what tasks they are appointed to carry out onboard

A **NAVADAN** Supercargo can join vessels worldwide, depending on the customer's requirements.

While having a **NAVADAN** Supercargo onboard, the customers can expect a proactive Supercargo.

The **NAVADAN** Supercargo will be on the spot assessing and monitoring the present situation onboard, whether it is during loading, discharging, cleaning or other pending situations onboard.

If a complex challenge occurs whilst onboard, the **NAVADAN** Supercargo will recognize a solution due to his experience and thereby protect the customer's interest both commercially and operationally. The **NAVADAN** Supercargo thrives on these challenges and the customer can expect a professional solution of the challenge.

A **NAVADAN** Supercargo will be able to assist in a broad variation of tasks onboard a client's vessel:

- Function as a tank cleaning supervisor; cleaning from DPP to CPP, Veg. Oils to CPP etc.
- Tank cleaning advice and recommended tank cleaning procedures.
- Prepare the ship for tank cleaning.
- Vessel inspections and marine surveys.
- Assistance in preparing the vessel for CDI or SIRE inspections, Port State Control or any other inspection required.
- Optimize the loading or discharging operations.
- Preparation for dry docking.
- De-mucking and cleaning of tanks with chemicals.
- Full detailed written report upon completion of the job.
